

Clerk's report

Mattishall Parish Council

April 2024

1. Highways have completed the works on Mill Road, and hot rolled asphalt the pot holes on New Lane and Mattishall Lane.
2. Ian Edwards would like to ask the Council for permission to install edging around the two War graves in the Cemetery. He then suggested to fill the edged area with gravel. He feels this would offer some protection and help with keeping them in a clean and tidy condition. He has kindly offered to fund this project out of his own pocket.
3. The broken and faded street names on Church Plain and Welgate have still not been fixed or replaced.
4. The re-rendering to the party wall, adjacent to the play area has been completed
5. Steve Cutler from SJ Cutler Builders has inspected the Churchyard wall, following concerns that was raised by the Diocese. Upon inspection Mr Cutler advises that the wall is structural sound with some minor repairs required. His advice is to carry out a yearly assessment / inspection and to keep on top of the minor repairs and the clearing of the silt build up.
6. I have applied for the Portrait of His Majesty The King, which should arrive sometime in April.
7. A reminder pleased that the Annual Parish Gathering is to be held on Monday 22 April, please encourage our residents to attend.
